MARSHALL WILL COME OCTOBER 12

VICE PRESIDENT TO SPEAK AT BIG DEMOCRATIC REVIVAL.

TO HOLD MEETING IN THE LARGE TENT

Canvas Used for Scoville Services to Be Kept Until Great Day—M. E. Ford In Charge.

There is a big revival due in Democratic circles in Nodaway county. The county committee has made arrangements to hold the big tent now being used by the Scoville meetings until October 12th when the gospel of true Democracy will be expounded by some of the nation's greatest evangelists.

County Chairman M. E. Ford received word this morning from the State Central committee that Vice-President Marshall will be in Maryville and will address the voters of Northwest Missouri during the afternoon of Thursday, October 12. Another big meeting will be held at night at which other speakers of national prominence will be present. Thomas R. Marshall is not only Vice-President and the presiding officer in the United States senate but he is one of the most attractive speakers in the United States. He is able, witty and has a unique and original style of address that makes him a popular attraction both as a political speaker and as a chautauqua attraction.

The fact, too, that Mr. Marshall is a former resident of Missouri should also lend additional interest to his visit here. A part of his childhood days were spent in La Grange, Missouri, and in the northeastern part of the state the old timers remember him with an affectionate regard. He is a good mixer and as a story teller in private conversation has few equals.

Mr. Marshall and the other speakers who are to be here on the date above mentioned should and no doubt will be greeted with one of the largest crowds that has ever been seen in this city. Mr. Ford and the county committee is determined to make this the greatest meeting of the kind ever held here. The tent meetings being held throughout the state under the auspices of the state committee are attracting the greatest crowds ever drawn to political meetings in Missouri and it is the hope of the committee that this one will be no exception to the rule. These men are direct from the scene of activities at Washington and the people all want to know the true story of what has been done for the benefit of the people and the general good of the country.

At the conclusion of the Scoville meetings here the big tent will be taken down and stored away until time to put it up for the political speaking. Just where it will be erected for this purpose has not yet been determined.

Prayer Meetings.

The following prayer meetings are announced by Mrs. Flora Quinn, superintendent of the Fourth Ward prayer services, to be held at 9:30 o'clock tomorrow morning: At the homes of Mrs. Henry Kelley, Mrs. Arch Carter, 602 East Third street; Mrs. McDougal, 822 East First street; Mrs. H. Harrison, 1101 East Second street; Mrs. L. C. Colvin, 222 South Market sreet; Mrs. Silas Appleby, East Cooper street, and Mrs. Al Dragoo, South Market street.

Second Game Was Called at Sixth Inning, With Stanberry Victor—Umpire Has Trouble.

Two slugfests were put on at Fed park yesterday afternoon in the tournament games. Maryville finally won a guessing contest from Tarkio, 11-10, after playing see-saw for ten innings. The second game of the afternoon, a five and a half inning affair between Stanberry and Albany, went to Stanberry, 16-11.

Umpire "Ick" McGinnis had quite a bit of trouble in the first game, having several disputes on difficult decisions. A decision in the seventh inning caused much wrangling on the part of the Tarkio players. Maryville was at the bat with the score 7-5 in favor of Tarkio. After V. Walker had hit a home run Black singled and Richardson was walked. L. Walker sent a long fly down the right field line and McGinnis ruled it a fair ball. It went for a triple, and scored Black and Richardson, making the score 8-7 in favor of the Feds. Tarkio disputed the decision, saying the ball was foul.

Another fuss arose in the tenth inning while the Feds were batting. After one down, Stewart had reached second on a hit and passed ball. He said something to Pitcher Finch which the latter did not like and he went down to second to talk to him. The umpire called "play ball" and gave the required time for the pitch and called a "ball." He called two more which gave Black, who was batting, his base on balls. Tarkio disputed this

Portuguese Troops Begin Invasion of German Territory—No Developments at Saloniki.

Special to The Democrat-Forum.

Paris, Sept. 21.—Continuing their attacks against the German positions in the Verdun sector, the French have captured two of the enemy's trench elements at Thiaumont. They have advanced their position 100 yards in the Apremont forest. There is a lull in operations on both sides of the Somme due to bad weather.

Substantial gains have been made by the French and the Serbs in the fighting at Saloniki, and an entire repulse of the Bulgarians is reported by the French war office.

A violent counter attack by the Bulgarians at Kaimakcaran has been repulsed. A vigorous counter offensive by the Serbs succeeded in driving out the Bulgarians who had penetrated as far as Beres. The French made a gain of five kilometers to the west of Pizoder.

To Invade East Africa.

Lisbon, Sept. 21.—It was announced today that the Portuguese troops had begun the invasion of German East Africa.

No Developments at Saloniki.

London, Sept. 21.—Outside of the usual artillery duels there were no developments in the Struma and Doiren sectors, the British war office announced today in its statement on the Saloniki campaign.

BEAUTIFY SHOW WINDOWS

Alderman-Yehle Dry Goods Store Decorates "Plate Glass Circuit" in French Gray.

The windows of the Alderman-Yehle dry goods store have recently been improved by the placing of a French gray decorative background.

All the windows have been similarly treated. The walls are in marbled French gray, with a narrow border of conventional pattern, done in tones of old rose and blue. The ceiling and upper wall is in the plain gray.

The finish shows a great improvement and is an ideal background for the display of the goods which the large windows can exhibit.

MAY SUCCEED GASS

DEMOCRATIC STATE COMMITTEE DISPOSED TOWARD OAKERSON.

WILL APPOINT LATER

Main Effort at Present Time Directed Toward Securing Temporary Appointment for Unexpired Term

The friends of Prof. W. M. Oakerson, now chief clerk in the office of the state superintendent of schools, hope to induce Governor Major to appoint him to fill out the unexpired term of Howard A. Gass. They are also making an effort to secure his nomination at the hands of the Democratic State Committee as the Democratic candidate for the office of superintendent at the fall elections. As chief clerk Mr. Oakerson's position has amounted to deputy superintendent. He has filled the place efficiently and acceptably and his friends generally believe he is entitled to promotion under the circumstances.

Geo. R. Ellison and James Todd, who went to St. Louis Tuesday night to lay the matter before the state committee, send back encouraging reports. The members of the committee seem to be generally favorable to the idea, but will not take up the matter of designating a nominee until later. The main effort at the present time is being directed toward securing the temporary appointment from Governor Major.

Mr. Oakerson's friends in Nodaway county, which include everybody, are doing all they can to secure his appointment. Bert Cooper, county superintendent, secured the agreement of a number of other county superintendents to endorse Oakerson for the position. A telegram was sent to the Democratic State committee containing the following names: R. M. Dobbs, Andrew county; Geo. K. Gelpin, Buchanan county; D. N. McClintock, Caldwell county; E. L. Black, Clay county; Gretchen Jennings, Gentry county; Elizabeth Brainerd, Grundy county; J. M. Gallatin, Livingston county; Mrs. Cora Early, Worth county; Bert Cooper, Nodaway county; and Egbert Jennings, King City. Many other superintendents who could not be reached in time for the telegram have sent in their endorsement since.

JAMES FRASER DIES

"UNCLE JIMMIE," 83 YEARS OLD, SUCCUMBS TO OLD AGE.

Was Born in Scotland—Came to Missouri in 1870—One of Maryville's Old Timers.

James Fraser, familiarly known to old and young in Maryville as "Uncle Jimmie," died at the home of his son, Alex Fraser, at 4:30 o'clock this morning. "Uncle Jimmie" had been in poor health since last November, suffering from a general decline due to his advanced age.

Mr. Fraser was 83 years old. He was born near Inverness, Scotland, on the battlefield Collodin, made famous as the scene of one of the struggles between the people of the Highlands and the Lowlands.

At the age of 21 he came to Toronto, Canada, where he spent one year. He then moved to Indiana, where he married Samantha Cavender April 16, 1861.

In 1870 Mr. and Mrs. Fraser came to Maryville where Mr. Fraser engaged in the stock business, and was successful in all of his business ventures up till the time of his retirement. Mrs. Fraser died about eleven years ago.

Four sons survive Mr. Fraser. They are: Elmer, Alex and Bard of Maryville and James, Jr., of Vermillion, S. D.

The funeral will be held at 2:30 o'clock tomorrow afternoon from the home of Elmer Fraser on East Third street. The Rev. Lewis M. Hale, pastor of the First Baptist church, will conduct the service. Burial will be in Miriam cemetery.

GETS 1ST THOUSAND

EVANGELIST SUCCEEDS IN REACHING FIRST GOAL.

WANTS ANOTHER 1,000

Large Percentage of Those "Lined Up" Are Converts—Dr. Scoville Happy Over the Results.

"Lined up" last night	115
"Lined up" to date	1,074
Collection last night	$64 79
Collection to date	$914.81
Attendance yesterday	3,400
Attendance to date	39,800

"Line up" another thousand for Christ!

This is the motto of the Dr. Charles Reign Scoville evangelistic party, local ministers and supporters of the campaign since the first thousand mark was passed last night.

When Dr. Scoville started the invitation following his famous sermon, "The New Birth—You Must Be Born Again," 959 persons had "lined up" in previous meetings. At the close last night 115 men, women, boys and girls had gone forward, either to reconsecrate, join the local churches by letter or confess Christ for the first time.

Large Percentage Converts.

A surprisingly large percentage of those who "lined up" were converts. Whole families who have never been associated with any church took the evangelist's hand and signified their intentions of joining one of the churches either in the city or county. Dr. Scoville says that Maryville may break all records for attendance, converts and reconsecrations for cities of this size.

The evangelist was anxious to reach the 1,000 mark. One of his assistants kept count of those who went forward and as a middle aged woman grasped the evangelists' hand the assistant told him that there was the one thousandth person to respond to his invitation in this campaign.

Dr. Scoville smiled broadly.

"Give that woman a big cheer," he said. The crowd applauded with a will. Time after time as men and women went forward, the evangelist showed his delight. Many well known influential folks were in the scores who crowded forward to "line up."

Lodge Men Go Forward.

Near the close two lodge men, brothers of Dr. Scoville, went forward. Dr. Scoville whooped with joy. He believes that scores of other lodge men will go forward as a result of the start last night. It was a striking scene. The choir singing, the personal workers busy, some folks laughing, some crying, the crowd applauding this one or that one who went forward, all served to present a picture that only a big revival can.

Every one apepared interested. The singers in the choir loft sang and applauded at the same time. Many left their places and went out into the audience to plead with a friend or a relative to accept Christ. Here and there could be seen persons in prayer praying for a loved one to go forward, take the evangelist's hand and make the confession.

Scores New-Fangled Religions.

Dr. Scoville argued earnestly that no one can be saved except through the shed blood of Jesus Christ. He scored Christian Science, Russellism, Dowieism, Mormonism and all so-called new-fang'ed bunk religions and declared that no difference what any one thinks he is lost if he does not accept Jesus Christ.

The evangelist was in a happy mood. He told a number of humorous stories.

"Folks in India," he said, "won't kill any living creature. Why, I have seen Indian girls pick lice from their heads, put the lice in bottles before they go to bed at night, and in the morning put the lice back on their heads."

The crowd smiled, and numbers were seen to scratch their heads, unconsciously.

"A little girl stood before an angry billy goat," he said, at another time. "Her mother told her not to be afraid, because she was a Christian Scientist. 'But, mamma,' said the little girl, 'you know and I know and God knows that I am a Christian Scientist, but the billy goat don't know it.'"

Attacks Unbelievers.

Dr. Scoville attacked those who do not believe that Christ suffered for the world.

"You don't believe in that theory of one suffering for another, eh?" he said. "Well, you're a fool. How about

Scoville Sayings

I know some fellows who would be better off if they had received more lickings when they were kids.

Give me a religion that accepts the poor as well as the rich.

A man says he's a socialist. He is willing to divide everything except to give away one of his two pigs or anything else that belongs to him.

Two classes here tonight—saved sinners and lost sinners.

An old Dutchman read a book on religion written in Boston, the word of a faddist, then he read the Bible, the word of God. "If I read der Boston book I go to Boston; if I read der God book I go to heafen," he said. That's right.

"Not tonight" are words inspired of hell.

Take care of this body but it is only a dinky thing made only for this world. Feed your soul! Religion for the body is a farce.

Some of the best men in this city are lost because they haven't accepted Jesus Christ.

FILES DAMAGES SUIT

IVAN REESE, MINOR, CHARGES E. C. CULP WITH SLANDER.

Asks $10,000 for Humiliation Caused by Alleged Statements—Ellis Cook Attorney.

A suit was filed in circuit court today by Ivan Reese, a minor, through his next friend, Bert Reese, against E. C. Culp, in which the plaintiff asks for $10,000 damages caused by slanderous statements made by the defendant.

The petition alleges that Culp falsely and maliciously accused the plaintiff of setting fire to and burning two hay stacks belonging to the defendant, and that he uttered these false statements in the hearing of the plaintiff's father, Bert Reese, and other persons.

Because of these alleged false statements, the plaintiff considers his reputation and feelings injured to the monetary extent of the damage asked.

Mr. Culp is a retired farmer and one of the wealthiest men of the county. Ivan Reese, the plaintiffin the case, who is 19 years old, is a member of an equally well known family of the county. Both the Culp and Reese farms are west of the city.

Ellis G. Cook is attorney for the plaintiff.

COMMITTEE ON PLANS FOR TEACHERS' MEETING HAS SESSION.

Decides Program for November 3—Day Gathering Will Attempt to Procure Noted Speakers.

At the teachers' meeting for the teachers of Atchison, Clinton, Harrison and Nodaway counties, November 2, 3, and 4, there will be one of the best programs ever held if the plans of the program committee work out right. This committee is composed of Mrs. Anna Simms, superintendent of Clinton county, Miss Gertrude Thompson, of Atchison county, Miss Nell Sutton of Harrison county and Bert Cooper, of Nodaway county. They held their first meeting yesterday afternoon and will make an effort to get the following men for speeches: Dr. Otis Caldwell, dean of the School of Education, Chicago University; Dr. Jessup, president of the University of Iowa; President A. Ross Hill of the University of Missouri. Several other school men of national reputation will be on the program.

This teachers' meeting will be held in connection with the agricultural and domestic science contest.

ROACH'S ACTION CAUSES UPHEAVAL

REFUSES TO PRINT PROHIBITION AMENDMENT ON BALLOT.

GREAT EXCITEMENT AMONG POLITICIANS

In Letter to C. E. Stokes Secretary Gives Reasons for Refusal—Petition Had 25,000 Signers.

Special to The Democrat-Forum.

Jefferson City, Sept. 21.—Nothing has aroused so much excitement in political circles in the last decade as the refusal of Secretary of State Cornelius Roach to place the proposed prohibition amendment on the ballot for the coming election. Governor Major refused to comment upon the situation.

Announces Intentions.

In a letter written to Charles E. Stokes of Clinton, head of the prohibition movement in Missouri, Mr. Roach sets forth his reason for his action. He says in part:

"Charles E. Stokes, Clinton, Mo.—Dear Sir: This is to notify you that I shall refuse to accept as valid the petitions praying for the submission of what is called an amendment to the state constitution relating to the sale, manufacture and introduction into this state of intoxicating liquor, and refuse to certify same to the election officers as a proposed amendment to the constitution.

Wishes Test Made.

"I write you thus early that you may test my conclusion and judgment in the courts if you so desire, for you, of course, understand that my action is not final, but is subject to court review. If I am wrong, the courts will set me right in time for the proposition to lose none of its rights at the coming election.

"In the first place, the proposed document (whether it covers a constitutional subject or a legislative subject) is one which clearly violates the federal constitution. It undertakes to prohibit the shipping of intoxicating liquors into this state for any purpose, the only exception being wine for sacramental purposes. Medicinal purposes are excluded and so are scientific and mechanical purposes. This shows a clear intent to interfere with interstate commerce. * * *

Secretary Has Right.

"Our supreme court has held that the secretary of state is vested with discretion in these matters and I do not feel that I would be justified in putting upon the state the expense of an election upon a proposition which I deem absolutely void. I believe litigation before submission preferable to litigation after. While I think the reasons given are sufficient to invite court review, I will suggest some other matters worthy of consideration.

"Should you not agree with me in my finding, I would invite you to take prompt action and I desire to assure you that it will be my pleasure to cooperate with you in every way possible to secure prompt action from the court. I shall gladly waive all formal preliminaries to the end that we may secure an early decision in the event you believe that the court might find I am wrong in my conclusions."

Two Meetings Announced.

Two prayer meetings in the northwest part of town are announced for 9:30 o'clock tomorrow morning. One will be at C. J. Eckert's at 1204 North Main street, and the other at 1222 North Mulberry.

CHILD SEVERELY BURNED.

Three-Year-Old Son of Dick McDowell Plays With Matches and Is Badly Injured.

While playing with matches yesterday afternoon, Jack McDowell, the 3-year-old son of Mr. and Mrs. Dick McDowell living near Graham, set fire to his clothing and was severely burned.

The child was playing in the smoke house and the supposition is that his clothing took fire from matches which he had taken out from the house. On hearing the child's cries, his mother rushed to his aid. His face and head, hands and arms and the front of his body, were badly burned. His curls were entirely burned from his head and it is feared that he may have suffered internal injuries.

The injured child was brought to Maryville this morning and taken to St. Francis hospital for treatment.

MIDDLETON HOUSE BURNED

Four-room House Destroyed — Blaze Starts From Gasoline Stove—Property Loss $200.

A four-room house at 1104 First street, belonging to Ike Middleton, was burned yesterday, the loss being about $200 and there was no insurance. The house had been occupied by William McVicker, who was living there alone, and who presumably left the gasoline stove lighted when he left the house in the morning.

The fire department was also called out to St. Francis hospital yesterday afternoon, where the coal in the store shed had ignited from spontaneous combustion. No material damage was done.

Mrs. Arlene Dux Scoville sang "Who Could It Be But Jesus?" before the sermon with gripping effect. The choir sang under the direction of Director Forsythe with a spirit that Dr. Scoville commended.

Dr. Scoville talked on the "Twenty-Third Psalm" to 300 persons at the tent-tabernacle yesterday afternoon. His afternoon talks are more in the line of a bible study. He says that if the people realized the value of bible study as many would attend in the afternoon as in the evening, when crowds of 3,000 are present.

Musical Director Forsythe sang a solo at yesterday's service and was warmly applauded.

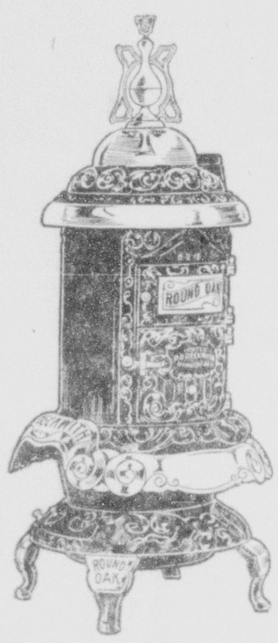
The MONARCH in Course of Construction

Every Door Frame and Angle Bar is Malleable Iron. The Top is Polished Perfectly smooth, then Blued by Electricity, Making a Finish that Never Needs Polishing.

What Is Malleable Iron?



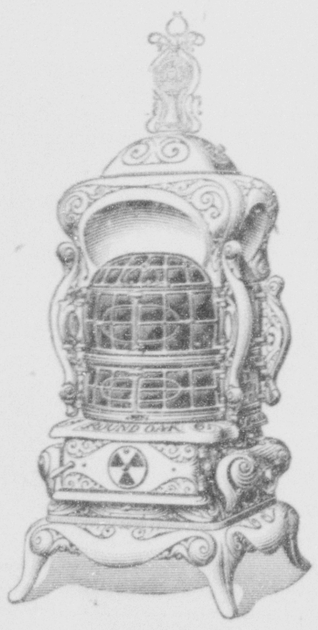
The best soft gray cast iron annealed and when thoroughly annealed it becomes the best heat transmitting and resisting iron known to range constuction. Every joint in the MONARCH is riveted and therefore gas and air tight. The rivets being wrought iron of the same heat resisting temperment as the material they hold together. Thus making the expansion equal therefore continued expansion under these conditions do not make loose joints. The life and efficiency of a range depends on the construction of the fire box and the fire box construction in the MONARCH is built scientifically correct.

The construction of the body of the MONARCH RANGE is the best known to r ange manufacturers. The inner wall is of annealed copper fused steel, the outer wall of copper fused American planished steel with ¾ inch asbestos insolation, thus making practically a rust proof body. Do not buy a range until we have shown you the MONARCH Malleable Construction.

Our prices are based on range value and there is no nine piece Aluminum cooking set figured in to be given absolutely free. Do not buy a range until you see the MONARCH Construction and have obtained the price.

To Burn Soft Coal Economically, you must consume the 85 per cent of the gas of which it is composed. The Round Oak Double Bowl is so constructed that it will do this, and that means a saving of 25 per cent of your fuel bill

THE ROUND OAK with the double fire bowl and cone center, clinker crushing grate makes not only the best Round Oak possible, but the most durable soft coal stove to be had and it costs no more than others that are much shorter life.



THE NEW PERFECTION OIL HEATER has proven by actual service that it is safe and economical and does not throw off offensive gas or smoke, and is just the stove for early fall use.

ROUND OAK BASE HEATER is the best in its line because of its large flues and large cold air circulating flue.

The Great Western circulating Hot Blast Oak is constructed along lines that makes it possible to heat more square feet for the amount of fuel consumed than any other soft coal burner on the market. Let us show you why this is possible.

A "SEE-SAW" GAME

(Continued from first page.)

also.

The first game was late in starting and was not over till after 4 o'clock. As was said before, the game was a "back and forth" affair. Maryville scored two runs in the first inning. Tarkio evened it up in the third and went ahead one run in the fifth. The Feds came back in their half of the fifth with three runs, making the score 5-3 in their favor. Tarkio scored four in the sixth and went ahead, 7-5, but the Feds added three more in the seventh, taking the lead, 8-7. Each team took another in the eighth, score 9-8. Tarkio tied it up in the ninth and made one more in their half of the tenth, but the Feds came across with the two necessary runs and won the game, 11-10.

A feature of the game was the hitting of the Walker brothers for Maryville. V. Walker went to the plate six times. He drew two walks and cracked out two home runs and two triples, batting 1000. L. Walker got a triple and three singles in five times at bat. Score by innings:

Tarkio	002	014	011	1	10	12	0
Maryville	200	030	310	2	11	18	7

Batteries — Maryville, Grant and Richardson; Tarkio, Finch and Withrow.

PARIS SLUMS SEEN IN PICTURES.

In Film, "The Spider and the Fly," Which Appears at the Fern Tomorrow Night.

The scenes of the Paris slums in the William Fox production, "The Spider and the Fly," are exact duplicates of certain spots in the poorest quarter of Paris. J. Gordon Edwards, director of the picture, was in Paris a few years ago. Among other places, he visited the Paris slums. He was so impressed with their filth and squalor that he decided to show them on the screen if the time ever came in which such scenes could be used.

When Mr. Edwards read "The Spider and the Fly," which was written by Franklin B. Coats, he decided at once that in the scenes of the French capital he could make use of settings showing the slums. He dug out an old notebook in which he had jotted down his impressions, and, refreshing his memory, began work on the settings.

Mr. Edwards located a scenery maker, long a resident of this county, who was born in the poor quarter of Paris. Under Mr. Edwards' direction, the man built and painted the sets called for. As the result of the careful selection of costumes and the careful giving to the preparation of the scenery, "The Spider and the Fly" has a peculiarly French atmosphere, although in reality the production was made amid the tropic splendors of the West Indies.

A MARYVILLE MAN'S EXPERIENCE

Can You Doubt the Evidence of This Maryville Citizen?

You can verify Maryville indorsement.

Read this:

J. N. Bryan, retired farmer, 222 Eleventh street, Maryville, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness just through the small of my back which gave me great pain when I tried to bend over or straighten up quickly. My kidneys acted so frequently that it weakened me. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. Right from the first I found relief and as I continued using them I was entirely relieved of that trouble. It has been quite awhile now since I have needed to use Doan's Kidney Pills so I know the benefit is lasting."
